Summary:

Full-stack software developer with expertise in frontend and backend development, experienced in working cross-functional teams.

Technical Skills:

- Frontend: Javascript, React.js, Redux, Nextjs, Typescript
- Backend: Node.js, Express.js, Typescript
- DevOps: Docker, AWS, Jenkins
- Database: mySQL, MongoDB, PostgreSql

Experience:

Accenture - Software Developer Engineer

Nov 2021 - Present

- Led the end-to-end development of a customer-facing web application, incorporating both front-end and back-end technologies, resulting in a user-friendly interface and a 25% increase in user engagement.
- Developed and maintained RESTful APIs using Node.js and Express, enhancing the scalability and performance of the platform.
- Utilized Agile methodologies to manage sprints and consistently deliver high-quality code on time.

Freelancing - Full stack Web Developer

May 2021 - Oct 2021

- Worked closely with clients to understand their needs, provided technical expertise, and delivered solutions within agreed-upon timelines.
- Managed project timelines, budgets, and deliverables, showcasing effective project management skills.

Triceria Solutions - React.js Developer Intern

May 2020 - Jun 2020

- Collaborated with senior developers in building responsive user interfaces using React.js, gaining hands-on experience in front-end development.
- Demonstrating the ability to quickly adapt to new technologies and contribute effectively to a development team.

Projects:

Ecommerce Website [\[Link\]](#): Tech Stack (React.js, TypeScript, Tailwind, Express.js, MongoDB)

- Frontend development using React.js for seamless client-side rendering and backend implementation and database management using express.js and mongoDB for efficient data management.
- User authentication and authorization for secure transactions.

Whiteboard Tool [\[Link\]](#): Tech Stack (React.js, TypeScript, Rough.js)

- Drawing tool similar to Excalidraw, using Rough.js and users can create a virtual hand drawn style whiteboard.

Multiplayer Chess [\[Link\]](#): Tech Stack (React.js, TypeScript, Node.js, Websocket)

- Realtime multiplayer chess using websocket for connection and implementation using chess.js.

Education:

ADGITM GGSIPU, Delhi - B.Tech (Information Technology) 2017 - 2021
